TEAM OFFICIALS' MEETINGS Online Streaming Instructions

Overview

This year, the Team Officials' Meetings (TOMs) will be held in-person in Zákupy, in the town's community and culture hall. For the convenience of participants who cannot or do not wish to travel to Zákupy for these meetings, the TOMs will be streamed online via an interactive YouTube stream. Personal attendance at these meetings is still the preferred way of taking part. Team officials who cannot attend the online meetings are expected to take part in-person to the extent prescribed by the rules.

Technical requirements

The event will be broadcast via a YouTube live stream. To take part in the meeting, a computer or a mobile device with a reliable internet connection is needed. The stream behaves like a normal YouTube video so any device capable of playing YouTube videos will suffice.

The viewers will be able to hear and see what is going on in the meeting but will not be able to participate by voice. Any questions and requests need to be made via the accompanying **online chat** on the YouTube page. The user needs to be logged in with their YouTube account to post in the chat. This may be a specific account the team sets up for this purpose only or any Google account of any of the participants. We kindly ask the participants to state their team name upon entering the chat. While it is possible for any participant to view the online stream, only the team officials should ask questions or post comments.

Being logged in is **not** needed for viewing the event but it **is** necessary for asking questions.
